

# **Hurricane Matthew Restoration Update Monday 10/10/2016**

Considering the strength of the storm Bellair Condominium overall did pretty well.

Saturday two of your board members, President Mark Bigelow and Director Rick Constantino inspected all unoccupied units and had our maintenance man begin securing up any broken windows and a couple of sliders. Those of you that live here I'm sure have noticed the garage roof covering has sustained some damage. On Saturday we also secured a local roofing company to apply a temporary covering to protect the plywood from any further damage from the elements. That is scheduled to be in the next couple of days. Our north gate was also damaged; we are waiting to hear from our adjuster on that.

The Board of Directors would like to thank everyone who helped during this difficult time with everything from clean up of the debris on our property to assisting Mike, our maintenance man. Your support is much appreciated. I will continue to give you up dates as they become available.

Please be careful when out walking anywhere, there is glass all over this town.
